INTRO

What I am all about.

Smart, intelligent and creative. Not an average type. I am an idea generator, a problem solver. Always think outside the box and not afraid of breaking rules to be innovative, to find the best solutions for problems. I have 6 years of experience in application design and development. A self-motivated person with strong analytical. I strive for quality in everything I do and enjoy challenges and achieving goals. I work hard for recognition and aim to be a valuable employee and a great leader.

Seeking a challenging, responsible and dynamic position in renowned organization where all my energies, knowledge and experience can be effectively utilized for benefit of the organization and enhancement of my career.

EXPERTISE

Batman would be jealous.
